

Take A Safe Break

at the Vending Machine

4 rules that we follow to guarantee you a safe break at the vending machine

We use disposable containers and pre-packaged foods for your food safety

Our operators are fully trained in Health & Hygiene requirements with masks, gloves and disinfectant gels where required

We clean and sanitise the equipment with approved special detergent and sanitiser at each visit

We have ensured the full sanitisation of our warehouses and vehicles

4 rules for using vending machines safely

Maintain at least **1 metre +** distance from other people

Wash your hands before and after using the vending machine or use hand sanitiser

Use the clean, single-use & recyclable cup from the machine for your drink.

Once your product has been vended, **move away** from the vending machine and **enjoy** your break in complete safety
